HOW TO USE AND PRINT THIS DOCUMENT

This playbook is an interactive PDF designed to help you navigate content easily and find information quickly. The document is best viewed using a PDF reader (such as Adobe Acrobat®). When you do this, you can use the “down” and “up” arrow in the PDF reader toolbar to advance pages in the document. It can also be viewed by opening the document in a web browser, in which case you can scroll up and down to navigate through the pages.

BACK TO THE TABLE OF CONTENTS

Click "File" and then "Print". This will open a print dialog box displaying various options. There may be a Print button available at the top or bottom of the document without having to open the File menu.

Select your printer. In the Print dialog box, you will be able to choose the printer that you want to send the document to.

Set the range (pages to print), page size and handling and print orientation (portrait or landscape) for your print job. If your PDF file is multiple pages and you only need specific ones, use the Range or Pages section of the Print window to set which pages should be sent to the printer.

Choose any advanced printing options. Choose advanced printing features by clicking on "Properties" button. From here a number of selections can be made to the layout, finish, and other features of the PDF file. Additionally, this is where to select whether to print in color or in black and white.

Print the document. Once you have set all of your printing options, you can send it to printer by clicking the Print button. Your document will be added to the printer queue.

Adam Pitale –
Founder & Chief Detailer

THE FIRST NAME IN CAR CARE.

Adam Pitale's passion for cleaning started at a young age. He started his first business washing and polishing bicycles in his neighborhood. By age 10, he turned his attention to cars and trucks with a mobile detailing business that eventually began specializing in limousine fleets.

Throughout high school and college, Adam continued to grow his company and service large fleets, while looking for ways to evolve his products, change his process and enhance cleaning efficiencies. His expanded fleet detailing business also helped him create new products which he began selling at the Orange County Swap Meet in Southern California. Since he never officially named his company, it eventually became known as "Adam's."

Today, Adam's Polishes®¹  are available directly from Cadillac.com/accessories or at your local Cadillac dealer. His premium car care signature line includes car wax, sealants, dressings, cleaners and polishes – all guaranteed to outshine and outlast any product you've used on your Cadillac.

GM Licensed and Associated Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent supplier alterations.

¹  Non-GM warranty. Lifetime limited warranty by Adam's Polishes.® For more information, contact your dealer.

NOCO®

GET A JUMP ON BATTERY ISSUES

WITH LIGHTWEIGHT, POWERFUL BATTERY BOOSTERS FROM NOCO®¹

Dead vehicle batteries are no longer a problem, thanks to Genius Boost Jump Starters from NOCO®! These portable lithium-ion battery jump starter packs feature patented safety technology that provides spark-proof connections and reverse polarity protection, making them safe and easy for anyone to use.

If you need a professional tool to help you understand the problem, you can turn to the NOCO GB150 with the integrated voltmeter. There is a myriad of reasons why your vehicle may not start, with a built-in digital voltmeter, you can quickly determine if it's a discharged battery or something else.

They are lightweight, weighing as little as 2.3 pounds, and can double as a portable power source for recharging USB devices, including smartphones and tablets. The GB150 model features an integrated digital voltmeter to help track down the source of a no-start condition. Batteries showing 12.7-12.8 volts are good to go, allowing you to trace starter, alternator or battery cable issues instead.

Depending on the model, you can also power 12-volt devices, such as tire inflators and power inverters. Available in GB40, GB70 and GB150 versions, they feature an LED flashlight with 7 light modes, including SOS and Emergency Strobe and deliver multiple jump starts on a single charge, ensuring safe motoring for you and your loved ones.

AIR IT OUT

HASSLE-FREE ONBOARD AIR COMPRESSOR MAKES IT EASY TO ADD AIR.

Help maintain proper tire air pressure in your Cadillac Escalade or Escalade ESV with an NSV™ Onboard Compressor! It can be used to reinflate tires after deflating them for off-road adventures or to top off tires when the Tire Pressure Monitor (TPM) indicates low tire pressure. This handy, integrated onboard compressor can also be used to inflate air mattresses, soccer balls, footballs, basketballs, bicycle tires and pool floats.

The automatic pressure cutoff feature allows you to set the compressor to the desired PSI; simply press the go button, and the compressor will shut off when the selected PSI is achieved. The NSV™ Onboard Compressor's heat protection feature ensures the unit does not overheat. The compressor will shut down automatically for a cool-off period.

- Seamlessly integrates into vehicle interior
- Automatic pressure cutoff – simply set to required PSI and hit the start button
- Heat protection feature ensures the compressor does not overheat
- Hose reaches all four tires
- Storage bag helps keep hose protected from outside elements and coiled neatly out of the way when not in use
- Can also be used to inflate bicycle tires, soccer balls, basketballs, footballs, air mattresses and pool floats
